

Public Workshop

Public workshops are two-day events designed to enhance the training experience through interactive activities focused on sharing best practices and peer learning. All public workshops are facilitated by our Certified Trainers and provide a strong opportunity for development or vetting toward certification and organization-wide rollout strategies.

**New York City, NY
September 26-27, 2019**

Situational Leadership®: Building Leaders

Situational Leadership®: Building Leaders introduces participants to the Situational Leadership® Model and equips leaders with the necessary tools to skillfully navigate the demands of an increasingly diverse workforce and evolving global marketplace.

Leading With DISC®

Leading With DISC® integrates the application of the Everything DiSC® Management Behavior Model with the Situational Leadership® approach, providing a learning experience that enables participants to leverage their awareness of an individual's DiSC® style to accurately diagnose readiness and lead appropriately.
