

Empowering Situational Leaders™

Power: A Positive Driver of Influence

The best leaders recognize that leadership isn't just a function of their position within the organization; they know that leadership is a direct result of how effectively they influence others every single day. The *Empowering Situational Leaders™* program demonstrates the interconnected nature of leadership and power and is designed for participants at any organizational level. This program directly supports the use of the Situational Leadership® Model by providing tangible rationale for how power bases impact the effective or ineffective use of leadership styles. Participants will engage in immersive, video-driven case study activities and targeted skill building to learn how to develop and leverage their power bases to become more successful leaders.

Course Benefits

- ☑️ Validates the relevance of seven power bases in modern organizations within the context of the history of power
- ☑️ Provides immediate actionable strategies for increasing the three primary bases of power that are most critical for leaders to effectively influence others
- ☑️ Utilizes the Power Perception Profile Self assessment as a tool to enhance self-awareness
- ☑️ Empowers participants to develop action-oriented strategies they can implement to enhance their influence potential

Everyone is a Leader.

The Center for Leadership Studies designed *Empowering Situational Leaders™* with your needs in mind. As such, the program is available through two different learning modalities, each designed to create an identical learning experience.

In-Person Instructor-Led

Through a combination of in-person training, role-playing and skill-building activities, *Empowering Situational Leaders™ Instructor-Led* provides ample opportunity to practice increasing influence potential. Participants learn to effectively influence by leveraging key power bases across multidirectional influence networks and utilize tools that maximize influence potential.
